

# William D. Sanders, FASLA

Sanders Wacker Bergly, Inc.

Bill Sanders is president of Sanders Wacker Bergly, Inc. (SWB), Landscape Architects and Planners, located in Saint Paul, Minnesota. SWB is a ten person office with a diversified practice including parks and recreation design, streetscape and transportation corridor projects, downtown planning, comprehensive and land use planning, master planning, historic preservation, schools, churches, cemeteries, redevelopment planning, and urban design. Bill graduated from Iowa State University in 1965 with a Bachelor of Science degree in landscape architecture. He worked in both public and private practice prior to establishing his own firm in 1979.

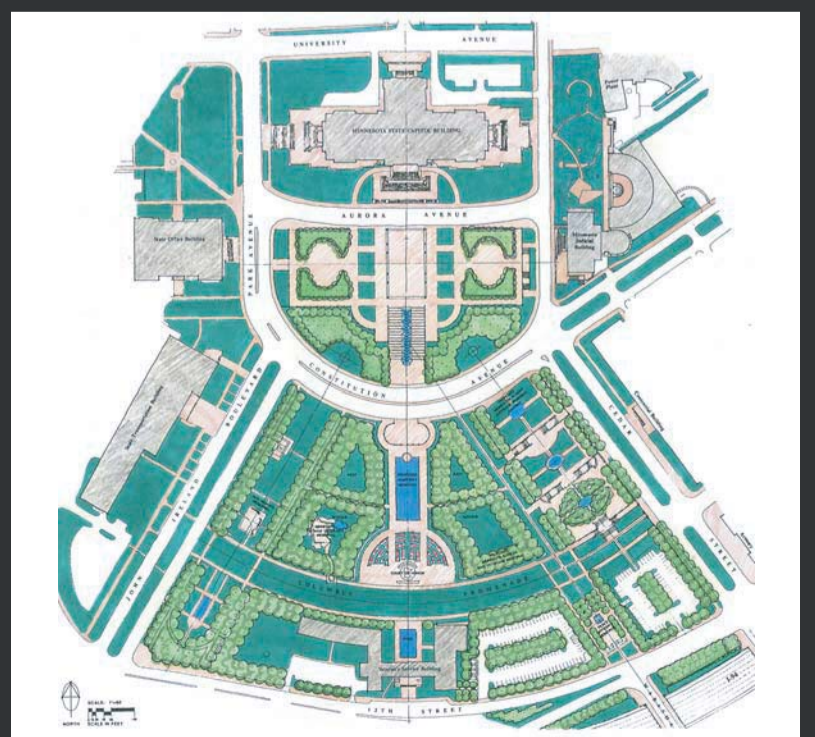

Bill has established an extensive record of accomplishments in the profession of Landscape Architecture over the past thirty five years. Since 1970, Mr. Sanders and his work have been recognized at the local, state, and national level with more than twenty five awards. He has set a very high standard as a designer and project manager for highly visible projects, many of which link historic and contemporary landscapes. Bill has provided outstanding professional leadership through his activities on prominent public projects throughout the state, including Architectural Advisor to the Capitol Area Architectural and Planning Board, The Governor's Residence Council, and the Greening of the Great River Park project. Throughout his career, Bill has been actively involved in MASLA, having served as President, Trustee, Board Member, and chair of Numerous Committees.
